

Kindergarten 30-minute Safe presentation:

Materials Needed:

Sesame Street visits the firehouse video

Television

VCR

First Grade 30-minute Safe presentation

Topic Recognizing the Firefighter as a Community Helper

Materials Needed:

Turnout Gear and Air Pack

Notes: Explain how the student can help the firefighter by being outside any building filled with smoke or fire before the firefighters arrive.

When donning gear do it one piece at a time as not to frighten the students.

Second Grade Safe 30-minute Presentation

Topics: Stop Drop and Roll and Crawl Low Under Smoke

Materials Needed:

Two Blankets

Notes: Demonstrate the proper way to Stop Drop and Roll and Cover and how to avoid smoke and fire by crawling low.

Show students that S D & R can be done in a small area.

Third Grade 30-minute Safe Presentation:

Topics: Match and Lighter Safety and Practicing Safety When Home Alone:

Materials Needed:

Lighter, Stick Lighter and Book of Matches.

Notes:

Explain that matches and lighters are tools and should only be used by adults. If matches or lighters are found to give them to an adult as they are not toys and can hurt them.

Explain to the students the proper way to call 911 and importance of being able to call their parents in the case of an emergency. Explain the proper way to test door and window locks and not to let strangers in to the home.
